Stallion Service Contract—Frozen Semen per Dose

1. This contract is made by and between the Stallion Owner and _____ (Purchaser) for the purchase of frozen equine semen from the following stallion.

Stallion Name: _____

Number of Doses Purchased: _____ at \$_____ per dose

2. Mare Information: Registered Name of Mare _____

Sire _____	Breed _____
SIRE _____	Registry _____
Dam _____	Reg. No _____
Sire _____	Color _____
DAM _____	Age _____
Dam _____	Height _____

Breeding History (last 3 years, cover date, results [live, dead, barren, aborted]) _____

3. The Equine Stallion Services, as the Agent for the Stallion Owner, agrees to provide the Purchaser with the requested number of doses of frozen semen from the stallion specified above in exchange for a fee of US\$_____ per insemination dose, payable to the Equine Stallion Services.

4. Purchaser agrees to pay the following fees:

- All Stud Fees must be paid in full before any semen will be shipped. Payment must be made to the Stud's Agent, Equine Stallion Services (formerly Equine Medical Center of Ocala, Stallion Services).
- All shipping fees from the Equine Medical Center of Ocala (EMCO; where the semen is stored) to your veterinarian. Under no circumstances will Equine Stallion Services, EMCO, or the Stallion Owner be responsible for semen damaged or lost while it is in your veterinarian's possession. In the event that semen is lost or damaged, you will have lost that dose of semen.
- A Handling Fee of \$175.00 to Equine Stallion Services, which covers container rental for 7 days; liquid nitrogen; and consultations between yourself, your veterinarian, and Equine Stallion Services.

**ALL FEES MUST BE PAID
BEFORE ANY SEMEN WILL BE SHIPPED**

5. Owner Information:

Name: _____

Address: _____

Telephone: Day _____ Eve _____ Cell _____

Email: _____ Fax _____

6. Veterinarian Information: All inseminations must be performed by a veterinarian who is licensed in the State in which the work is being performed.

Name of Veterinarian: _____

Address: _____

Telephone: _____ Fax: _____

7. Warranty. Neither the Stallion Owner, nor its agent, Equine Stallion Services, are responsible for lost, delayed, or damaged semen and make no representations or warranties of any kind with respect to any semen furnished hereunder except that it is the Stallion's. The Purchaser understands and agrees that Equine Stallion Services makes no guarantees as to the fertilizing capacity of any semen provided under the terms of this contract.

8. Purchaser agrees to hold harmless Equine Stallion Services, the Equine Medical Center of Ocala (as storage facility), and the Stallion Owners for any injury or illness to mares in association with the insemination of frozen semen provided by Equine Stallion Services.

9. Governing Law. This contract is governed in all respects by the law of England and the Purchaser hereby submits to the exclusive jurisdiction of the English courts.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract and agree to all stipulations in Schedule A (attached) as of the date shown below.

SCHEDULE A

The semen must be thawed and inseminated by a licensed Veterinarian familiar with the concept and practical use of frozen equine semen. Please be aware that any attempt to use frozen semen outside the controlled situation of a qualified facility can greatly reduce, or even prevent, the chances of conception. Equine Stallion Services will provide detailed thawing and usage instructions with each dose of frozen semen. A “dose” of frozen semen will vary by stallion, but for practical purposes will be defined it as a **SINGLE** insemination unit that includes a minimum of 300 million progressively motile sperm that, when properly thawed, will have a post-thaw progressive motility of at least 30%. Specific values for each stallion are available upon request. All of the stallions represented by Equine Stallion Services were quarantined and the semen was frozen according to the U.S. Import Guidelines, including all required medical testing. None of the stallions on the roster are EVA positive.

Breeding certificates will be issued to EACH mare bred upon receipt of written notification detailing dates of insemination and pregnancy examinations, as well as complete, detailed information about the mare (e.g., pedigree, registration details, owner). You may only get ONE FOAL per insemination dose. If you plan on splitting doses, please contact me at 352-266-4669 as several of the stallion owners require additional stud fees if multiple foals are obtained from one dose of semen. Also, please understand that the amount of semen provided per dose is the recommended amount to obtain a pregnancy; if you attempt to use a lower dose, you risk not getting a pregnancy. Please note that ICSI is NOT ALLOWED under this contract. A separate ICSI contract will be provided upon request.

Frozen semen will only be shipped via FedEx Priority Overnight. Semen can be shipped out Monday through Thursday. Friday shipments will only be possible if you live in an area where FedEx offers Saturday delivery service. Please call Christine at 352-266-4669 to get your tracking number. Please **DO NOT** email shipment requests, as we cannot guarantee that we will receive the email. Semen will be shipped from the storage facility, the Equine Medical Center of Ocala (address: 7107 W. Hwy. 326, Ocala, FL 34482).

To return the container, your veterinarian should use the FedEx Return Airbill included in the shipper. If the shipping container is not returned within 7 days, an additional fee of \$10 per day will be charged. If the container has not been returned within 28 days, \$1500 will be charged to the account to replace the vapor shipper.

Pregnancy Diagnosis. We recommend that all mares be examined by a veterinarian between 14 and 16 days after ovulation to determine pregnancy and spot possible twinning. Mares should then be checked again at 28–30 days to confirm a heartbeat. A final check should be made again at or before 60 days after ovulation to confirm the pregnancy. Please send me a text or email and let me know the pregnancy status of your mare. I seem to spend a ridiculous amount of time every year chasing mare owners to find out pregnancy status.

Shipping Information

Veterinarian Name: _____

Veterinarian Address: _____

Veterinarian Phone Number: _____

FedEx Delivery Address (if different from Vet Address): _____

When do you want the first dose of semen shipped? _____ If you state that you want the semen ASAP, we will ship it as soon as we have a vapor shipper available. Please try to order in advance as a vapor shipper may not be available for same day or next day shipping.

Semen Payment Information

Container Rental/Handling Fee: \$ 175 (per shipment)

Cost of Semen Purchased: \$ _____

Total Due: \$ _____ (not counting FedEx fees)

Payment methods accepted are Zelle, Venmo, PayPal, and check. An invoice will be sent with payment link for the electronic methods. Payment by PayPal will include a **3.4% fee**. Similarly, if Venmo starts charging fees, or if the fees assessed change, then these changes will be passed on. Payment for shipping charges will need to be paid shortly before shipping, as exact FedEx charges are billed (there is a 53% discount over standard FedEx rates). Payment in full is required before shipment will be sent.

Preferred Payment Method: _____
